About Me

Aspiring software developer eager to collaborate with cross-disciplinary teams to conceive, design, and build innovative technologies. Driven to create scalable, fault-tolerant, and cost-effective solutions for large distributed computing environments. Committed to designing and coding effective solutions for broadly defined problems while delivering high-quality software in an agile environment. Passionate about leveraging cutting-edge technologies to drive innovation and industry change.

Certificate in front-end development using HTML, CSS, JAVASCRIPT, BOOTSTRAP, REACT JS

Issued By: T4TEQ SOFTWARE SOLUTIONS

Puthur, Trichy.

Certificate Number: VA24014WB01080889

PROJECT

The project involves designing and developing a user-friendly, responsive, and visually appealing front-end for an e-commerce platform. The platform will provide seamless shopping experiences, enabling users to browse products, add items to their cart, and complete purchases efficiently
